

# PHOTO MOSAICS with hashtag & onsite photos

## PRODUCT GUIDE

More information and examples at [vibanti.co](http://vibanti.co)

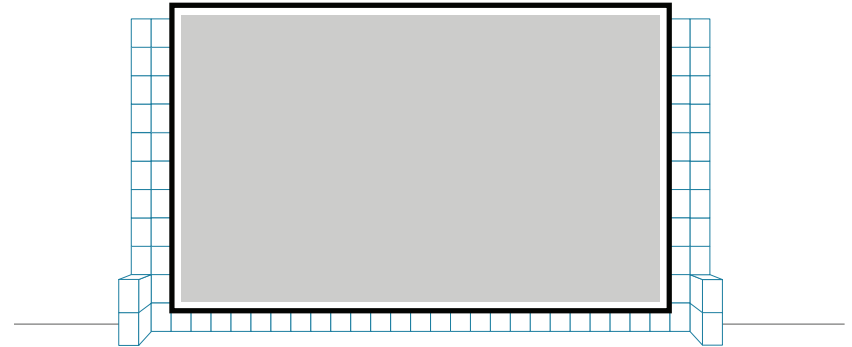

## Existing Wall

Any flat, pre-existing wall can be used to display the mosaic with help from 3M Command velcro strips or VHB adhesive. Perfect for semi-permanent or permanent installations, indoors and out.

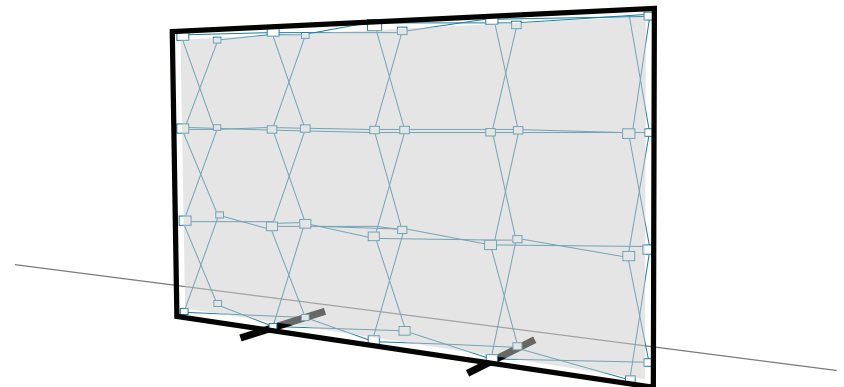

## Block Structure\*

Not a usable wall in sight? This sturdy structure uses interlocking blocks to create a brand new wall. Assembled on-site in a matter of minutes. Great for indoor and outdoor events.

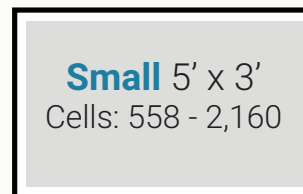

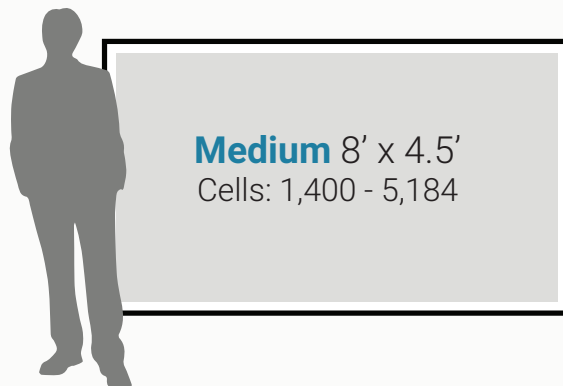

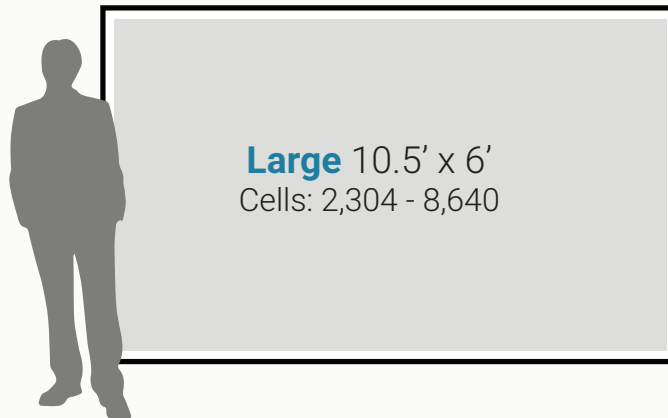

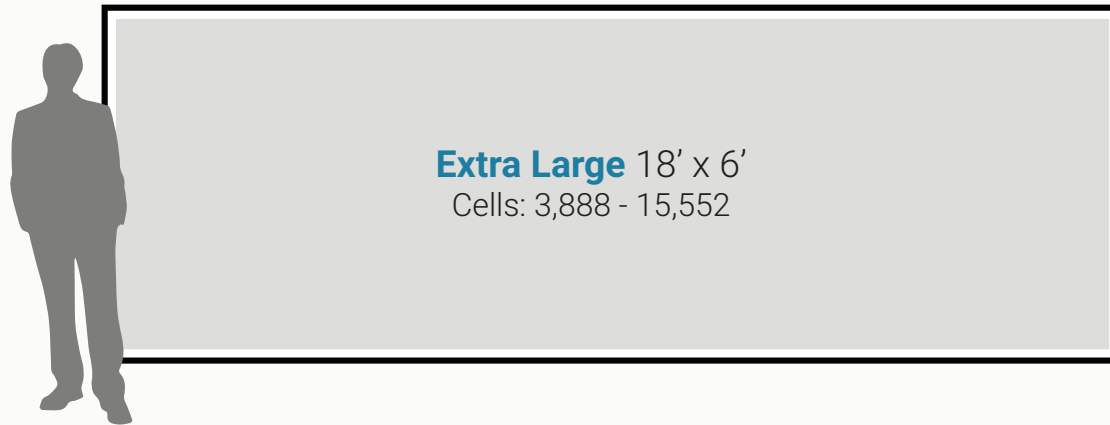

## Pop-Up Structure

This accordion-like device starts inside of a duffel bag and pulls out to ten feet wide. Ultra-light aluminum frame makes for a quick setup and breakdown at any location.

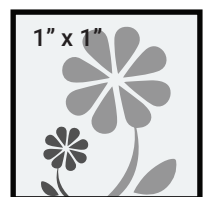

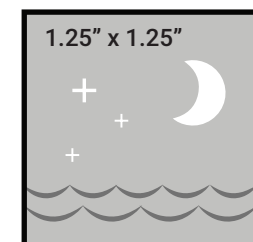

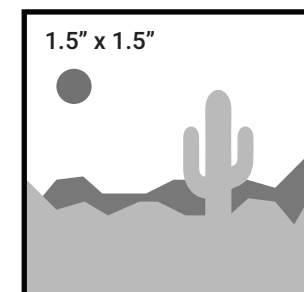

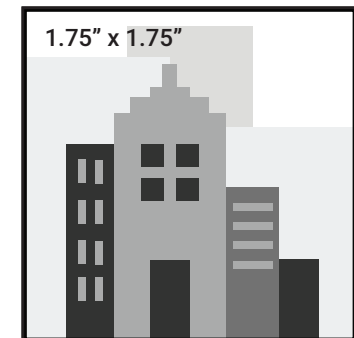

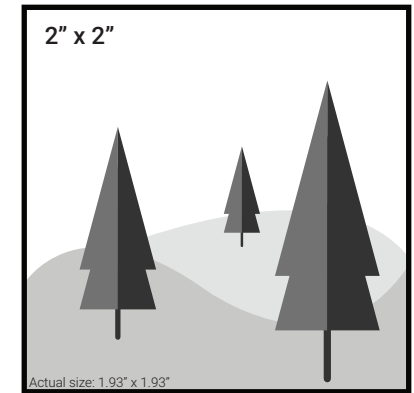

\*Block Structure system currently not available in Singapore.

## For Placement in Mosaic

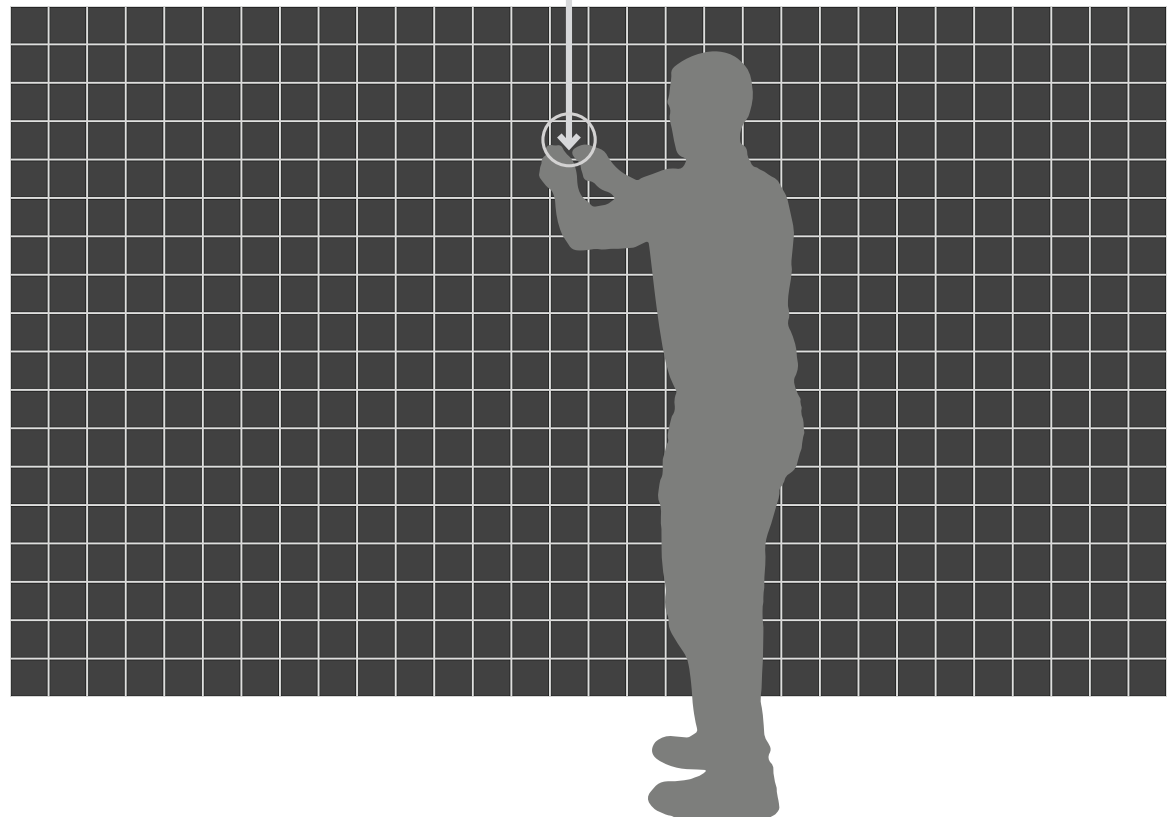

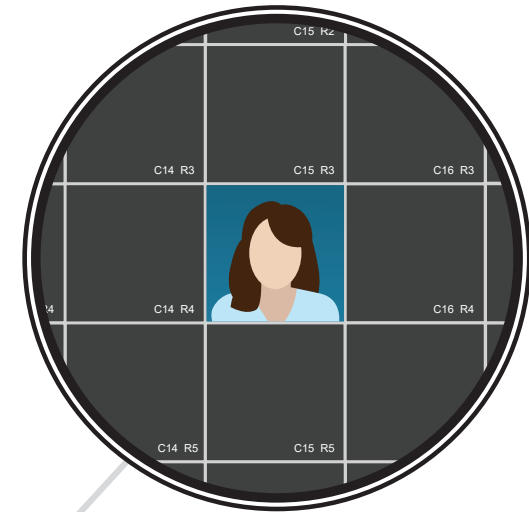

## Guest Takeaway (optional)

Shareable Digital Takeaway  
(optional)

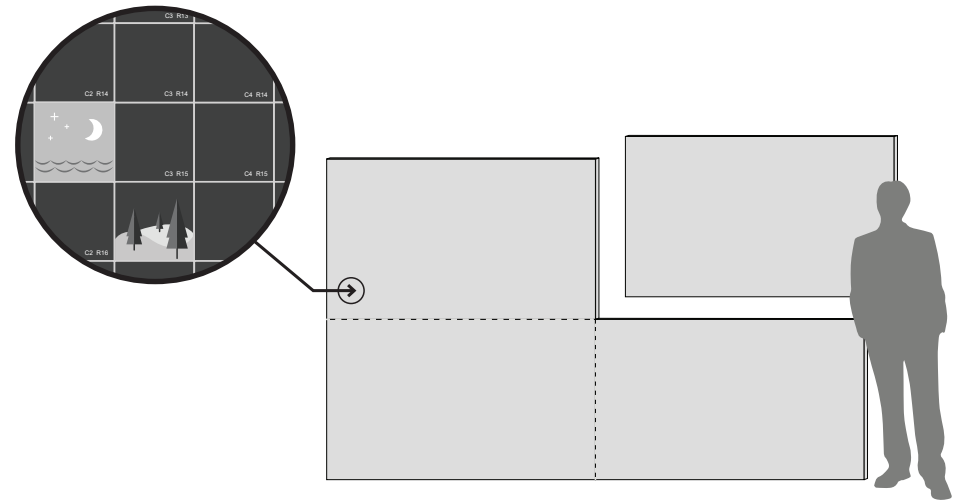

Patent Pending Technology

This patent pending photo placement system is the first of its kind. It allows guests to easily place their own photos due to the large column and row information placed beneath, rather than on the photo itself.

## Gator Board

Tougher than standard foam core board - dent, bend, and crush resistant. Ultralight construction makes Gator Board easy to transport to your event. For larger mosaics, the backdrop is printed in panels and simply hung side by side. The grid surface is precision printed with row and column numbers for easy photo placement.

## Vinyl Banner

A single sheet of durable, 13 oz. matte vinyl. Just unroll it and start building your mosaic. Hanging is easy with grommets, pole pockets, or hemmed edges. The grid surface is precision printed with row and column numbers for easy photo placement.

## Hashtag & Social Submissions

Using a themed hashtag at your event? Tell your guests to share their photos on Instagram, Twitter, and Facebook with your themed hashtag. They can even upload their photo in a Facebook post or through Snapchat. All of the photos are collected and printed for each guest to hand-place in the mosaic.

Photobooth

## Onsite Submissions

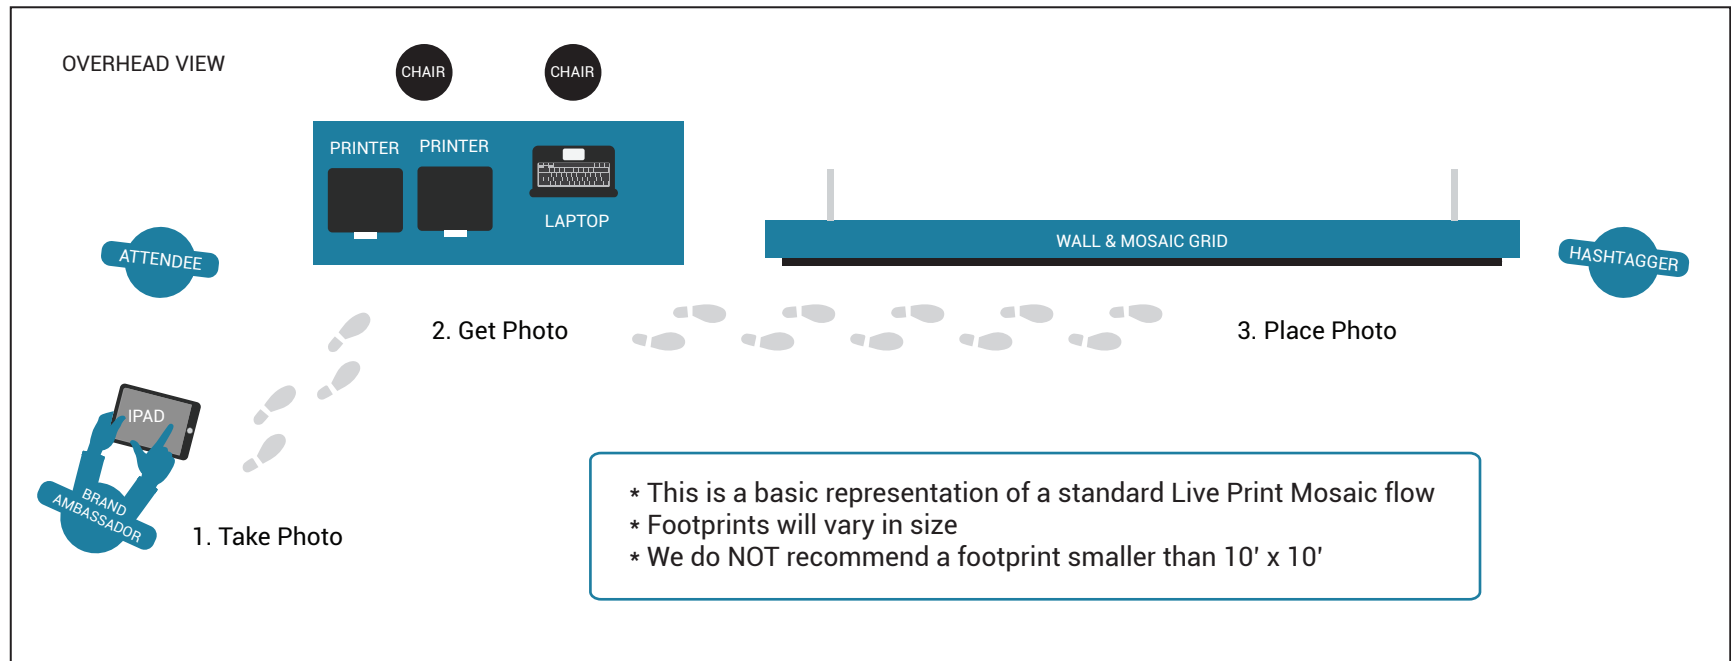

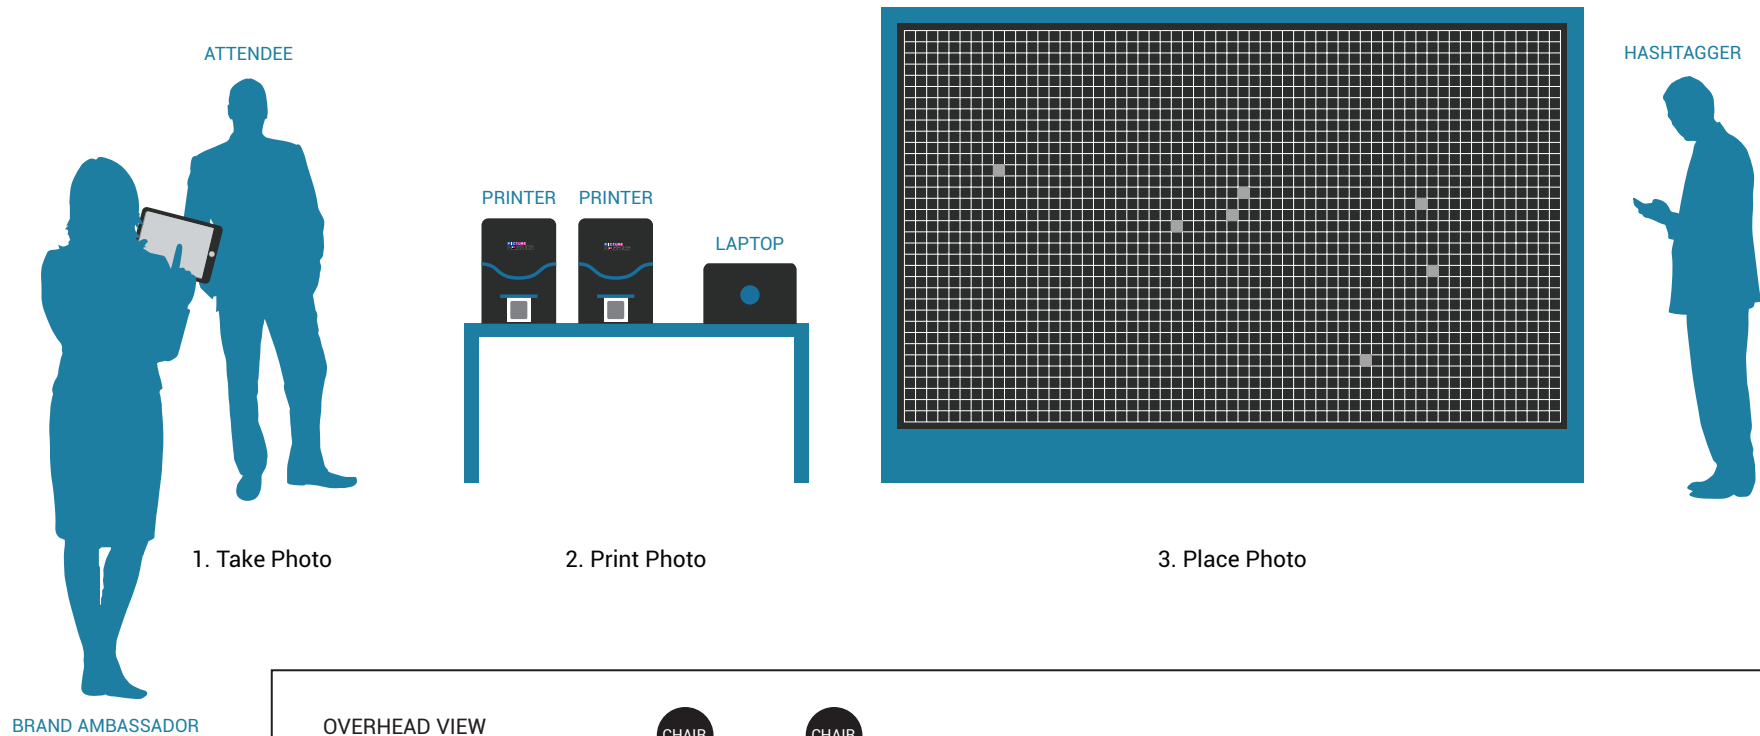

Want to take photos at the event? Not a problem. Our custom tablet app mosaiCapture allows your brand ambassadors to interact with guests and encourage them to be part of the mosaic mural. An optional green screen lets the guest choose their favorite background. Snap, print, and your guests are helping build a mosaic masterpiece in seconds.

Brand Ambassador Photo Capture

## Prize Locations

If a guest's photo lands on a prize location, they win! Prizes can include gift cards, iPads, Apple TV, and more. Prize locations can be chosen at random, targeted, or evenly timed throughout the event.

## Custom Green Screens

For extra excitement, green screens allow guests to select a background for their photo that fits the color spectrum of the mosaic. Each background can be customized with your branding.

## Live Feed or Live Digital Mosaic

Have some extra display monitors? A live feed of photos or an interactive animation of your mosaic can stream to various locations throughout the event.

## Live-synced Online Mosaic Microsite

Want to share your mosaic with those who couldn't make it to the event? Not a problem. We have two online platforms with extensive sharing, search, and interactive capabilities.

## Social Sharing Enhancements

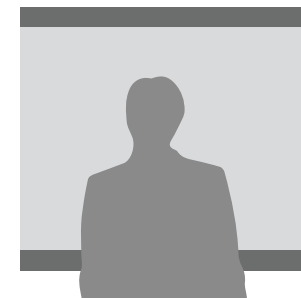

Give your guests a branded, digital version of their photo and the mosaic they can share online. After their photo is submitted, they can receive an email or text message with options to share through Facebook, Twitter, and more.

## Branded Photo Takeaways

Never let them leave empty-handed. An instant, branded takeaway of each guest's photo reminds them of their experience at your event. Print and digital shareable options available.

## MosaicMe Takeaways

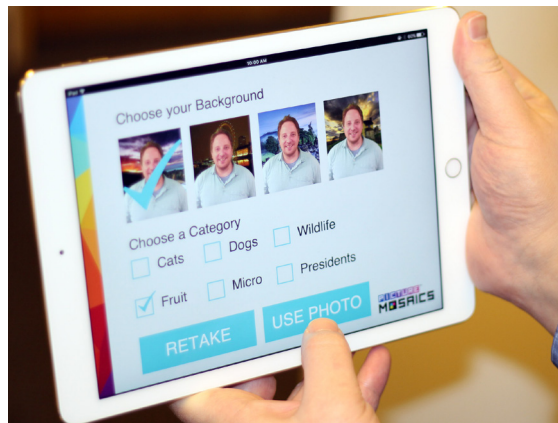

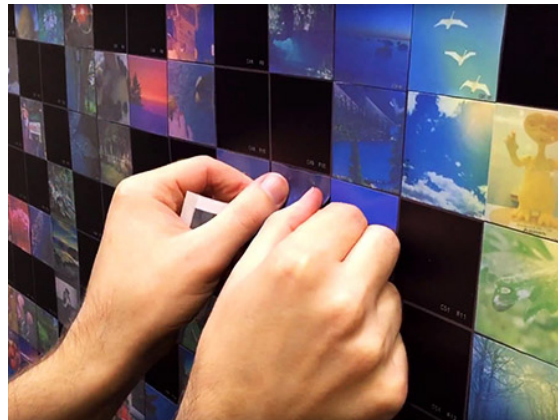

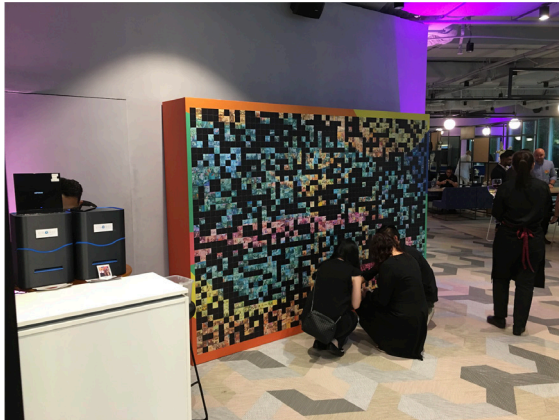

Turn each guest's photo into its own mosaic - instantly! Designed with your custom branding, it'll give them something to remember you by. Print and digital shareable options available.
